Cannington Community ESC is proud to be an independent public school with a strong reputation for innovation, curriculum integration, technology, community engagement and pastoral care. We are a school of choice.

We deliver outstanding educational outcomes for our students as evidenced by the 2019 school review. We are committed to continuous improvement and a culture of high expectations and high care.

Cannington Community Education Support Centre is an innovative school community with a strong culture of exemplary educational delivery catering for the diverse needs of all members. Our vision “empowering every student to reach

their potential” is embraced by our school community and sets the foundation for all the teaching and learning programs.

Cannington Community Education Support Centre had its first Public School Review in May 2019. The review validated that “the staff are enthusiastic learners, committed to ensuring their practice is inclusive and provides tailored curriculum access for all students. A culture of teaching excellence is reflected through the integrated curriculum characterised by personalised learning and choice.” We will “continue to work with staff to explicitly define what constitutes effective practice, to maintain the focus on high quality teaching” has been included within this business plan.

SCHOOL IMPROVEMENT AND SELF-ASSESSMENT

Cannington Community ESC's 2019-2022 Business Plan aligns to the WA Public Schools strategic plan and focus documents. The CCESC's Self-Assessment Conceptual model underpins the School Improvement and Accountability Frameworks' five components: Learning Environment, Teaching and Learning, Resources, Leadership and Relationships. Central to this model is successful students. From the business plan a series of whole school operational plans has been developed with classroom planning aligned.

Resources, Leadership and Relationships. Central to this model is successful students. From the business plan a series of whole school operational plans has been developed with classroom planning aligned.

CCESC SELF-ASSESSMENT CONCEPTUAL MODEL

School staff work together to ultimately ensure each student reaches their potential. We analyse a range of school and system data to review and measure student performance. Data collection includes; classroom observations, diagnostic assessments, portfolios of evidence and anecdotal records. Personalised learning plans are developed in consultation with parents and stakeholders and goals are targeted at the students' individual educational needs. Student achievement targets are

reviewed and reported on through the Annual Report and in consultation with the School Board.

Staff take part in ongoing reflective practices through engaging in a continuous cycle of inquiry and improvement, professional learning communities and collaborative processes. Collective teacher efficacy is high amongst staff and foster the CANDO attitude that is the foundation of our school community.

We are part of the Department of Education public school system and as such are accountable to the Minister of Education and our school community. We follow the Department strategic plan and associated policies and procedures adapting them to suit our distinctive school context.

This 2019-2022 Business Plan provides strategic direction for the school. The plan is a long term strategy to shape improvement and its development has involved an extensive consultation and self-review process involving all stakeholders including staff, students, parent/caregivers, community members and the school board.
